

How to use degree maps to put classes in your planner

1. Open Internet Explorer or a different web browser. Go to one.iu.edu. Search for “degree maps.” Click “Degree Map Search.”
2. Sign in using your IU username and passphrase, and choose “IU Bloomington” as your campus.

3. Choose your School if you know it. Choose your program if you know it. Then click “search.”
 - a. **If you know what major you want but you aren't sure what school it's in:** open a separate browser window and go to ud.iub.edu > First Steps> Step 2 > List of Majors. Click on your major.
 - b. **If you're an exploratory student who hasn't decided on a major yet:** Great! Choose “University Division” as your school, and then choose “University Div Undergraduate” as your program.

Note: You can click “search” at any point in this process after you have chosen a campus. **You do not need to enter any text in the search box.**

4. Choose your degree from the list below and then click on the eye icon beside it. **Choose the most recent available start term.**

1. Find your degree

2. Check the term!

3. Click the eye

Degree	Start Term	View
▶ Psychology BA	Fall 2014/Spring 2015	
▶ Psychology BS	Fall 2014/Spring 2015	
▶ Psychology/Spch & Hear Sci BA	Fall 2014/Spring 2015	

5. Now you can see a suggested 4-year plan for the degree of your choice. Confirm that you've chosen the right map, and then, at the top of the page, click "Plan From This Map."

2. Click "Plan from..."

1. Confirm

Would you like to:

[Return to Search](#) [Plan from this Map](#)

Campus: IU Bloomington
 Plan: Psychology BA
 School: College of Arts and Sciences
 Description: The BA major in Psychology provides broad coverage of modern scientific psychology and the strategies and methods by which knowledge is acquired in this field. BA students learn about concepts, theories, and tactics that apply to human behavior. The BA program offers the opportunity to pursue a concentration or specialization in a related field.
 Start Term: Fall 2014

6. Look at your map. Click on the triangle to the left of a course to get more information about it. Then click on the course name for more information about it.

7. Click on a particular course to get more information about it.

The screenshot shows a search results page for 'PSY-P 101 or P155'. At the top, there are tabs for 'Gen Ed', 'Attributes', 'Course Level', 'Subject Area', and 'Search Terms'. Below the tabs, it says '1 to 2 of 2 results'. A table lists two courses. A red arrow with the text 'Click here' points to the first row of the table.

Catalog Nbr	Title	Units	Scheduled	Typical	Gen Ed	Actions
PSY-P 101	Introductory Psychology I	3	SP15 SU15 FA15	SP FA SU	NS NM	<input type="checkbox"/> <input type="star"/>
PSY-P 155	Introduction to Psychological and Brain Sciences	3	SP15 FA15	SP FA SU	NS NM	<input type="checkbox"/> <input type="star"/>

8. Review the course information. Be sure to scroll down when you're looking at seat availability. The top section might be full, but there might be available seats in other sections of the same class that meet at different dates and times. If you want to take this class in the fall, click "Add to Plan."

PSY-P 101 Introductory Psychology I (3)

Course Overview

Course Description

Introduction to psychology; its methods, data, and theoretical interpretations in areas of learning, sensory psychology, and psychophysiology.
(Source: Course Catalog)

INTRODUCTION TO PSYCHOLOGY; ITS METHODS, DATA, AND THEORETICAL INTERPRETATIONS IN AREAS OF LEARNING, SENSORY PSYCHOLOGY, AND PSYCHOPHYSIOLOGY. EQUIVALENT TO IUPUI B 105 AND P 151.

Gen Ed info here

9. Choose Fall 2015 from the “Term” drop-down menu. Add any notes to the box below: for example, “This looks interesting!” or “Ask my advisor if I can wait to take this in the spring semester.” If this is an alternate class – for example, a class you will only take if a first-choice class is full or doesn’t fit your schedule—tick the “Mark as backup” box.”

The screenshot shows a form titled "Plan Summary" with a star icon in the top right corner. Below the title is the section "Add to Plan". It contains a "Term" dropdown menu currently set to "Spring 2015". Below that is a "Notes" section with a text area labeled "Optional notes". At the bottom of the form is a checkbox labeled "Mark as backup" and two buttons: "Cancel" and "Add". Four red arrows point to these elements with the following instructions: "1. Choose 'Fall 2015'", "2. Add notes", "3. Click here if this is a backup course", and "4. Add to planner!".

10. This will take you back to the four-year degree map. **Return to step 6, choose a different item on the list, and repeat! Aim to get 10-15 classes in your planner, including first choices and backups.**

Remember that this is a *suggested* four-year plan. Almost all majors have some level of flexibility and it is *extremely* rare that any student would follow this plan precisely. Course availability can vary from one semester to the next. Your high school credit, your math and foreign language placement scores, and your plans for studying abroad will also influence your planning. Also, remember that more than 50% of students change their majors at least once! When you’re planning today, do your best with the knowledge and tools that you have. Your advisor tomorrow will be able to help refine your plan based on all of these things.

11. Now it’s time to review your plan. Click “Plan” at the top of the page:

The screenshot shows the top navigation bar of the iGPS website. It includes the Indiana University logo (Psi symbol) and the text "Indiana University iGPS". To the right are navigation links: "Course Search", "Bookmarks", "Plan", and "Degree Maps". Below the navigation bar is a summary box with the text "Continue planning from this degree map, remove this page or return to select another". There are two buttons: "Return to Search" and "Remove this Map". A red arrow points to the "Plan" link in the navigation bar with the text "Click to view your plan". Below the summary box, it says "Campus: IU Bloomington" and "Plan: Psychology BA".

12. Here's what your planner looks like! You can add/edit notes and add/remove classes here, too.

Click to view notes (points to 'Edit Term Note' in Fall 2015)

Click to add courses (points to 'Add a course to plan' in Fall 2015 Planned section)

Click to add backup courses (points to 'Add a course to plan' in Fall 2015 Backup section)

You can remove a class by clicking on it and choosing "delete from plan."

What to do if there's no degree map

Check the University Division website for guidelines:

1. In your web browser, go to ud.iub.edu.
2. Click on "First Steps" from the menu ribbon at the top of the page.
3. From the menu on the left, click on "Step 2: Explore Majors, Minors & Certificates."
4. From the menu on the left, click "List of Majors."
5. Find a major that interests you and click on it. Read the information there, and make note of the suggested first courses at the bottom of the page.
6. Open a new browser window. Go to one.iu.edu.
7. In the search box at the top of the page, enter "iGPS Plan," then press "Enter."
8. Click on the app called "iGPS Plan/Academic Plan." It should show up near the top of the page.
9. Log in to the iGPS Planner. It should say Fall 2015 – Summer 2016 at the top. If it doesn't, click on the left/right arrows to find the right semester. (See page NUMBER above).
10. Add your suggested first courses from the UD website.
11. To flesh out your schedule, search for additional classes using the guidelines below.

How to find classes using the Course Search

1. Open a new browser window. Go to one.iu.edu.
2. In the search box, enter "Search Courses," then press "Enter."
3. Click on the app called "Search Courses."
4. Make sure the Campus selected is "IU Bloomington." Under "Degree Level," make sure "Undergraduate" is checked and "Graduate/Professional" is unchecked. Under "Offered," choose **Fall 2015**. In the search box, enter a key term that interests you. This might be a major, like "Accounting," or it might be a broader interest, like "Baseball." Then click "Go."

Campus

Degree Level Undergraduate Graduate/Professional

Offered

1. Check the campus

2. Only "Undergraduate" should be checked

3. Choose "Fall 2015"

4. Enter your search term

5. Click!

5. I searched for "Psychology," and the screen below came up, including a list of 352 classes! To refine them, I can use the tick-box filters on the left side of the screen. You can filter for classes that fulfill different **General Education** ("Gen Ed") requirement, like N&M, S&H, or A&H. You can filter by **Units**, which refers to the number of credits. You can filter by **Course Level** to remove courses numbered above 300, which usually aren't appropriate for Freshmen. The **Subject Area** filters can help you restrict your list to courses offered in specific departments.

7. From this new, shorter list, you can click on course titles to get more information about classes. Keep an eye out for keywords in the titles like “Introduction,” “Introductory,” “Basic,” “Survey,” “Fundamental,” “Foundations,” “Elementary,” and the number “1.” In this list, both PSY-P101 and PSY-P155 are gateway courses for the Psychology degrees. You can read the course descriptions to help decide which one is a better fit. Don’t worry: if you’re really not sure, you can put both in your planner and ask your advisor about it tomorrow.
